<u>Name/Location</u>	<u>Receiving Activity DoDAAC</u>	<u>ADP Point DoDAAC</u>	<u>COMM RI</u>
Directorate of Contracting (STEAP-PR) Aberdeen Proving Ground, MD	W23QL0	W23QL0	RULNAPC
Directorate of Contracting (STEWS-PR) White Sands Missile Range, NM	W43SAN	W43SAN	RUCGWSM —
Directorate of Contracting (STEYP-CR) Yuma Proving Ground, AZ	W61HZF	W61 HZF	RUWJHUA

These three test sites use their own local systems which are programmed to accept Shipment Performance Notices (PJJ/PJR). White Sands is also programmed to accept PK9 and PK5 transactions.

Navy Inventory Control Points

ASO Philadelphia, PA	NO0383	GB / GC	NO0383	NO0383	RUEOITA
SPCC Mechanicsburg, PA	NOOI04	EP	NOOI04	NOOI04	RUEORGA

These two inventory control points (ICPs) use the ICP Uniform Automated Data Processing System (UADPS). Abstracts are issued through a special module that receives data from the ICP UADPS and arranges it in MI LSCAP formats. ICP UADPS is programmed to:

1. Issue limited contract abstracts on some items by using a special module.
2. Receive:
  - a. Shipment Performance Notices.
  - b. Contract Payment Notices - TEST.
  - c. Contract Completion Statements.

SPCC also has another program that receives PK5 transactions, sends them to their FOCUS file where the PK5 data is printed out, one to a sheet. The paper is sent to the buyer for acceptance information. Generally these are not supply items; they are usually exhibit lines, i.e., test reports, documentation, etc. After the sheet is annotated by the accepting official and the buyer, the data is posted to the FOCUS file and a PKN transaction is returned to DCMC. When a PK5 transaction has not been received the paper acceptance document is sent by mail to the administering DCMC; a PKP transaction is not used.

**Each of these four SYSCOMs has a special program hookup through the DAAS, and a unique COMM RI, to receive PK9 records for their contracts.**

DLA Depots

The activities assigned to the two regions use various systems as shown on the previous page. All of the systems are programmed to:

1. Issue Acceptance Reports (PKN/PKP) (in lieu of acceptance DD Form 250).
2. Receive Acceptance Alerts (PK5).

The various activities within the regions will continue to use the established Service systems; eventually they will all be changed to the Depot Standard System (DSS).
