  - (i) DoD Manual 5000.12-M, "Manual for Standard Data Elements," authorized by DoD Instruction 5000.12, April 27, 1965

## 1. REISSUANCE AND PURPOSE

1.1. This Instruction reissues reference (f) to modify instructions on the preparation of key punched card submissions (enclosure E1.), to reflect organizational and building changes (enclosures E2. and E3.), and to expand the geographical area for

reporting purposes. Reference (f) and Report Control Symbol DD-(Q)691 are hereby superseded and canceled.

1.2. This Instruction also prescribes a uniform system for preparing and submitting space data necessary to (1) effect compliance with references (a), (b), and (c); (2) reflect administrative space occupied by personnel included in reports made pursuant to references (d) and (g); and (3) evaluate space utilization, as well as new space requirements, in the National Capital Region in conformance with the policy objectives of reference (e).

## 2. APPLICABILITY AND SCOPE

The provisions of this Instruction apply to the Office of the Secretary of Defense, the Military Departments, the Organization of the Joint Chiefs of Staff, and the Defense Agencies (hereinafter referred to collectively as "DoD Components") occupying administrative space in the National Capital Region (NCR) and the Outer Regional Reporting Area, whether in commercial or Government-owned space and whether such space is General Services Administration (GSA) or DoD controlled.

## 3. DEFINITIONS

3.1. National Capital Region. Includes the District of Columbia; Montgomery and Prince Georges counties in Maryland; Arlington, Fairfax, Loudoun, and Prince William counties in Virginia, and the cities of Alexandria, Fairfax, and Falls Church in Virginia.

3.2. Outer Regional Reporting Area. Includes Vint Hill Farms, Quantico Marine Base, Ft. George G. Meade, and DoD occupied facilities at Baltimore-Washington International Airport.

3.3. Net Useable Square Feet. Computed by measuring from the normal inside finish of the exterior walls to the office side of corridor walls or other permanent partitions, or to the center line of partitions which separate the area being measured from an adjoining area, with no adjustments for columns or projections. Do not include building facilities such as employee restrooms, stair wells, corridors, elevator shafts, janitor closets, space devoted to mechanical equipment, etc. (Area measurement is normally secured from floor plans available from GSA sources, or on military installations from the post or base headquarters.)

3.4. Administrative Space. Includes all space assigned by GSA, space in Category Code 610 buildings on military installations, and space in other-than-code 610 buildings on military installations where 50% or more of the building is used for administrative purposes. Administrative space consists of the following three types of space:

3.4.1. Office Type Space. Space that provides an acceptable environment suitable in its present state for an office operation. This requirement includes but is not limited to, adequate lighting, air-conditioning, heating, ventilation, floor covering, finished walls, and accessibility. The space may consist of a large open area or may be partitioned into rooms. Private corridors, closets, and similar areas which have been created within office-type space through the erection of partitions shall be classified as office space.

3.4.2. Storage Type Space. Space generally consisting of concrete, wood-block or unfinished floors, bare block or brick interior walls, unfinished ceiling, and similar construction containing minimal lighting and heating. This type of space would include attics, basements, warehouses, sheds, unimproved areas of loft buildings, unimproved building cores and inside parking.

3.4.3. Special Type Space. Space which, because of architectural features or the installation of fixed (built-in) equipment and special utilities, necessitates the expenditure of varying sums to construct, maintain, and/or operate as compared to office and storage space. Included would be laboratories, dark rooms, automatic data processing areas with special architectural features, industrial-type operations with installed equipment, private toilets, food service areas, auditoriums, security vaults, conference and training rooms with special architectural features, etc.

3.5. Additional definitions pertinent to compiling the administrative space data are included in Enclosure E1.

#### 4. RESPONSIBILITIES

4.1. The Secretaries of the Military Departments and Heads of other DoD Components shall be responsible for compiling, consolidating, and submitting internal space data to the Space Management Division, office of the Assistant Secretary of Defense (Comptroller). The Assistant Secretary of Defense (Comptroller) shall submit reports for the Office of the Secretary of Defense, other OSD activities, and the Organization of the Joint Chiefs of Staff.

4.2. The Assistant Secretary of Defense (Comptroller) shall be responsible for evaluating the administrative space data submitted, and for coordination with the Assistant Secretary of Defense (Installations and Logistics). The Assistant Secretary of Defense (Comptroller) shall also provide copies of the semiannual space reports to the General Services Administration.

## 5. PROCEDURE

5.1. The Military Departments and other DoD Components shall submit an initial space report by March 31, 1977 using key punched Card Format A or Card Format C, as applicable (enclosure E1). A submission will be made for each organizational entity shown in enclosure E2., for each location and building occupied, enclosure E3.

5.2. To maintain the currency of the space reporting system appropriate key punch Card Formats shown in enclosure E1. will be used to reflect changes semiannually. All changes will be submitted within 30 days after the close of the fiscal year (October 31) and the midpoint of the fiscal year (April 30). Negative reports will not be required. To maintain the currency of the organization and location listings shown in enclosures E2. and E3., appropriate deletions and additions will be reported to the Assistant Secretary of Defense (Comptroller) as they occur.

5.3. All administrative space data submitted will be in terms of net useable square feet, as defined above.

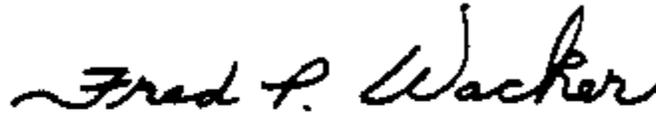

5.4. Available and applicable DoD standard data elements and codes will be used in the attached formats. All other data elements used in the Administrative Space Report are nonstandard and will be subjected to standardization under DoD Directive 5000.11 (reference (h)), and DoD Manual 5000.12-M (reference (i)).

## 6. REPORTS REQUIREMENT

The reporting requirement prescribed herein is assigned Report Control Symbol DD-COMP(SA)1459.

7. EFFECTIVE DATE AND IMPLEMENTATION

This Instruction is effective immediately. Two copies of implementing documents shall be forwarded to the Assistant Secretary of Defense (Comptroller) within 90 days.

A handwritten signature in black ink that reads "Fred P. Wacker". The signature is written in a cursive, slightly slanted style.

Fred P. Wacker  
Assistant Secretary of Defense  
(Comptroller)

Enclosures - 3

1. General Instructions and Card Formats
2. Interim Organization Code
3. Interim Location and Building Code

E1. ENCLOSURE 1  
GENERAL INSTRUCTIONS

E1.1.1. Header Data - Fields 1, 2 and 3 (card columns 1-11) are mandatory and will be punched in all Card Formats submitted. Header data columns will not be left blank.

E1.1.2. A new report being submitted will utilize a Card Format "A", with the exception that new reports for those organizations not occupying administrative space will utilize Card Format "C".

E1.1.3. All changes to existing reports involving card columns 12 through 80 will be made on Card Format "B" for data originally submitted on Card Format "A", or Card Format "D" for data originally submitted on Card Format "C". The change data will be inserted in only those fields requiring updating. Fields not requiring updating will be left blank.

E1.1.4. To change Header Data previously submitted in card columns 1 through 10, use a Card Format "E" to delete the prior submission and submit a Card Format "A", or a Card Format "C", as for an initial submission.

E1.1.5. To delete a report, a Card Format "E" will be submitted containing only the Header Data for the report to be deleted with an punched in card column 11.

E1.1.6. All fields containing data will be punched right justified and zero filled.

E1.1.7. All card columns (1 through 80) shall be interpreted.

INSTRUCTIONS FOR COMPLETING  
SPACE REPORT CARD FORMATS A AND B 1

Field	Name	Cols.
1	<u>Building Code</u> - Enter the appropriate code from the building code column found at enclosure E3.	1-5
2	<u>DoD Organization</u> - Enter the appropriate code from the organization list found at enclosure E2.	6-10
3	<u>Card Format</u> - Enter the letter "A" when a new report is being submitted. Enter the letter "B" when changing data in card columns 12 through 80 to existing reports.	11
4	<u>Office Type Space</u> - Enter the sum (square feet) of all private and open office space, conference rooms, training space, file rooms, supply rooms, administrative support space, and all other miscellaneous office type space.	12-18
5	<u>Storage Type Space</u> - Enter the sum (square feet) of all storage type space including inside parking.	19-25
6	<u>Special Type Space</u> - Enter the sum (square feet) of all special type space.	26-32
7	<u>Vacant Space</u> - Enter the sum (square feet) of all vacant office type, storage type, and special space type space reported in Fields 4, 5, and 6.	33-38
8	<u>Office Type Personnel, On-Board</u> - Report the number of on-board day personnel, night personnel, part-time personnel, and non-agency personnel occupying office type space.	39-44
9	<u>Office Type Personnel, Vacancies</u> - Report Report the number of authorized and budgeted positions which are temporarily vacant.	45-49

INSTRUCTIONS FOR COMPLETING  
SPACE REPORT CARD FORMATS A AND B (Cont)

Field	Name	Cols.
10	<u>Storage Type Personnel, On-Board</u> - Report Report the number of on-board day personnel, night personnel, part-time personnel, and non-agency personnel occupying storage type space.	50-53
11	<u>Storage Type Personnel, Vacancies</u> - Report the number of authorized and budgeted positions which are temporarily vacant.	54-56
12	<u>Special Type Personnel, On-Board</u> - Report Report the number of on-board day personnel, night personnel, part-time personnel, and non-agency personnel occupying special type space.	57-61
13	<u>Special Type Personnel, Vacancies</u> - Report the number of authorized and budgeted positions which are temporarily vacant.	62-65
14	<u>Military Personnel</u> - Report the number of military personnel housed in the activity's space. Include vacant positions.	66-71
15	<u>Civilian Personnel</u> - Report the number of civilian personnel housed in the activity's space. Include vacant positions.	72-77
16	<u>Non-Agency Personnel</u> - Report the total number of non-DoD personnel housed in the activity's space, i.e., contractor personnel, concessions personnel, other Federal Agency personnel, etc., plus temporary duty DoD Personnel not on the reporting activity's payroll, T/A or T/D.	78-80
Note: Field 16 is the sum of non-agency personnel included in Fields 8, 10, and 12.
